As water professionals, we recognize the need for bulk water service. We specialize in all bulk water requests including potable and non-potable requirements. Whether it be as simple as filling a swimming pool or as complex as pharmaceutical grade quality water, you can depend on us to complete the job promptly and professionally. A Clear Alternative's tankers are equipped to provide solutions for all your bulk water needs; from 500 to 1,000,000 gallons.

Our fast and affordable service is offered throughout New Jersey, Eastern Pennsylvania, New York City and Delaware.

**New Jersey's only  
Certified & Licensed  
Potable Water Hauler  
License #0704582**
